What to do after import – step by step

#	Step	Deadline
1	**Customs clearance at the port** The customs agent files the declaration (SAD); you pay duty and import VAT. Needed: invoice, bill of lading, title/export certificate, EORI.	Before release from the port

SAMPLE

2	**Sworn translations** Foreign title/registration, invoice and export document – by a sworn translator.	Before the technical inspection
3	**Inspection / individual approval** Scope depends on the country – non-EU cars often need individual approval.	Before registration
4	**National registration tax** E.g. BPM in the Netherlands, NoVA in Austria, malus in France – check before buying.	Before registration
5	**Liability insurance** Mandatory from registration; comprehensive cover is worth arranging after an expert valuation.	Before registration
6	**Vehicle registration** Apply with customs clearance proof, inspection and insurance.	Per the registration country’s rules
